Despite every care having been taken during the manufacturing process of this colour chart and of course when coating our radiators, small variations may occur between different production runs and different reference materials (ceramic, paper, metal, ...). Trotz äußerster Sorgfalt bei der Herstellung dieser Farbkarte als auch beim Lackiervorgang unserer Heizkörper sind leichte Farbabweichungen, je nach Fertigungsreihe und gegenüber anderen Farbträgern (Keramik, Papier, Metall ...) möglich. Malgré tout le soin apporté à la fabrication de ce nuancier et à la mise en peinture de nos radiateurs, de légères différences d'aspect peuvent être observées suivant les séries de radiateurs, ou bien par rapport à d'autres supports de références. Nonostante le cure apportate alla realizzazione di questa cartella colori ed i continui controlli di qualità effettuati sulla verniciatura dei nostri caloriferi, il prodotto finito può presentare lievi differenze rispetto alla cartella colori o ad altri materiali di riferimento (ceramica, carta, metallo ...). Ondanks de grote zorg die is besteed aan de productie van deze kleurenkaart en de continue kwaliteitscontrole bij het coaten van de radiatoren, kunnen kleine kleurnuances ontstaan in de radiatoren onderling en in vergelijking tot ander referentiemateriaal (keramiek, papier, metaal...). A pesar del cuidado con el que se ha realizado esta carta de colores y que se tiene en la fabricación de nuestros radiadores, pueden existir pequeñas variaciones de color dependiendo de los diferentes materiales (cerámica, papel, metal, etc.). Pomimo dołożenia wszelkiej staranności w trakcie opracowywania niniejszego wzornika, jak i gotowych produktów, należy się liczyć z niewielkimi odchyłkami kolorów, wynikającymi z różnic serii produkcyjnych i podkładów użytych do odzwierciedlenia kolorów (papier, tworzywo, metal, itd.).
